

# Project Results Child & Community Gains

- ▶ 39 out of 48 students test scores improved, representing 81%.
- ▶ Learning environments were increased by 28, verified by the number of parents that received magazine subscriptions.
- ▶ 11 volunteers were recruited and committed to the project by leveraging relationships with community based organization (100 Black Men, South Metro Chapter) and local senior centers.
- ▶ The “It takes a village” approach has been strengthened in that students are beginning to recognize that not just their parents and teachers care about their success, but that there are people in the community that care as well
- ▶ Establishing partnerships is key, be it with the school, school board members or the surrounding businesses and organizations.
